

BOYD ANNOUNCES OVER \$1.1 MILLION IN STIMULUS FUNDS FOR MARINE CORPS RESERVE IN TALLAHASSEE

WASHINGTON, D.C.—Congressman Allen Boyd (D-North Florida) announced today that the Department of Defense has released a grant of \$1,144,000 for maintenance and repairs to the Marine Corps Reserve Unit training facility based in Tallahassee, Florida. These funds were included in the American Recovery and Reinvestment Act, which was recently signed into law with Congressman Boyd's support.

"I am extremely pleased that the Marine Corps Reserve in Tallahassee is able to take advantage of and benefit from the funds included in the stimulus package," said Congressman Boyd. "These federal dollars will help our community by creating local jobs and improving the quality of life for the men and women stationed at the facility."

The grants awarded to the Marine Corps Reserve Unit were part of the \$7.4 billion investment into defense-related spending that was included in the American Recovery and Reinvestment Act to create jobs and stimulate the economy.
